

The histogram displays the frequency of values. The x-axis, labeled 'Value', has major ticks at 4, 5, and 6. The y-axis, labeled 'Count', has major ticks at 0, 5, 10, 15, and 20. The distribution is highly right-skewed, with most values concentrated at 6.0, which has a count of 22. There are smaller counts of 2 for values 3.75, 3.875, and 4.375, and a count of 2 for the value 4.625.

Value	Count
3.75	2
3.875	2
4.375	2
4.625	2
6.0	22
