

The histogram displays the frequency of values. The x-axis, labeled 'Value', has major ticks at 4, 5, and 6. The y-axis, labeled 'Count', has major ticks at 0, 2, 4, 6, 8, and 10. The bars are red with black outlines. The distribution is highly skewed to the right, with a peak count of 10 at the value 6.0.
